We will provide customers with update information regularly. This product news is No. 200504C

New Product Release

TITAN Computer Co., Ltd., the leading manufacturer and designer of high-end computer cooling solutions, is proud to introduce the new design for the TTC-HDC2, TTC-HDC3 and TTC-HD82. The purpose of this change is to enhance the TTIAN image and distinguish from those fake makers who imitate TITAN products.

This fresh new design has superior ventilation and stylish looks, and the front panel is made of high quality plastic with a shiny silver finish. Moreover, the HDD cooler has been equipped with a removable air filter that is easy for users to remove and clean. Also, the EMI protector has been installed in compliance with the international safety standard. What's more, special copper bolts have been used on the HDD cooler, so that users can install and remove it easily.

NEW !!

OLD !!

This change is effective from May 1, 2005, and the new product will be available when you place your next order. For the order you have already placed, the TTC-HDC2, TTC-HDC3 and TTC-HD82 will still use the old design. If you have any quires, please feel free to contact us. Thanks!
